# WIRELESS LAN ADAPTER

---

MODEL NAME:  
UTY-TFSXW1

# 1. Overview

- 1 LED 1 (green)**  
Operation status indicator.
- 2 LED 2 (orange)**  
Wireless LAN status indicator.
- 3 Setting button**  
Used for connecting to wireless router.

## Schematic diagram:

## 1-1. Applicable indoor units

For applicable indoor units, refer to the product catalogue posted on Support page of the web site.  
<https://www.fujitsu-general.com/global/support/>

## 1-2. Wireless LAN control

By installing FGLair on a smart device, several functions can be controlled from outside the house.

### **⚠ CAUTION**

To prevent personal injury, property damage, or product malfunction, read the setting manual attached with the product carefully, and be sure to comply with the safety and usage precautions.

### ■ Easy setup by mobile application

Initial setup can be done by using FGLair.

Refer to the setting manual attached with the product for information on the initial setup, operating tips, and troubleshooting.

### ■ System requirement

Before using this function, prepare the following items:

- **Wireless router:**

Wireless LAN standard	IEEE802.11b/g/n
Frequency bands*	<ul style="list-style-type: none"> <li>• U.S.A., Canada: 2.4 GHz (1ch—11ch)</li> <li>• Other countries: 2.4 GHz (1ch—13ch)</li> </ul>
Network security standard	<ul style="list-style-type: none"> <li>• Open</li> <li>• WEP</li> <li>• WPA (PSK)</li> <li>• WPA2 Personal (PSK)</li> <li>• WPS for same-LAN registration</li> </ul>

\*: Usable only in the country or region where you purchased the product.

To check whether your wireless router complies with the network security standards listed above, refer to the operation manual.

- **Smartphone or Tablet PC:**

App-compliant operating system	iOS	Check the latest version of supported OS at Google Play store or App Store.
	Android	

- ***FGLair*™ (mobile application):**

Mobile app is available on Google Play store or on App Store.

After installation of mobile app, user registration is required. For user registration and setup information, refer to Setting Manual attached with the product.

For the latest version of the Wireless LAN (WLAN) control manuals, refer to the following web site.

<https://www.fujitsu-general.com/global/support/>

## ■ Wireless LAN function list

**NOTE:** To use Wireless LAN control, user registration in advance and access to the wireless home network are required.

Item		Mobile app	
Air conditioning control function	Operation on/off	○	
	Operation mode setting	○	
	Set temperature setting	○	
	Fan speed setting	○	
	Airflow direction setting	Louver position adjustment (vertical/horizontal)	○*1
		Swing (vertical/horizontal)	○*1
	Timer setting	Off timer	—
		On timer	—
		Sleep timer	—
On/off program timer		—	
	Weekly timer*2	○	
Additional function	10 °C HEAT operation setting	○*1	
	ECONOMY operation setting	○	
	POWERFUL operation setting	○*1	
	Room temperature indication	○	
App function	Air conditioner error e-mail notification	○	

○: Available, —: Not available

\*1: Different by the indoor unit function.

\*2: Weekly timer of wireless remote controller/wired remote controller and mobile application each have different settings. If timer settings are done from mobile application and from wireless remote controller/wired remote controller, both timer settings will be active.

## 2. Specifications

### 2-1. Wireless LAN adapter

Unit: mm (in)

Top view

Top view

Side view

Item		Unit	Specification
Maximum radio-frequency power		mW	80
Dimensions (H × W × D)	Net	mm	71 × 38 × 15
		in	2-15/16 × 1-1/2 × 9/16
	Gross	mm	50 × 207 × 138.5
		in	1-15/16 × 8-1/8 × 5-7/16
Weight	Net	g (oz)	35 (1) (without cable)
	Gross		380 (13)
Operating temperature range		°C (°F)	0 to 46 (32 to 114.8)

## 3. Wiring design

### 3-1. System diagram

One WLAN adapter can be connected to each indoor unit.

**Single system**

**Multiple system**

A, B, and C: Attached cable with this product.

**NOTE:** Combined use with wired remote controller is prohibited.

**Prohibited uses:**

(1) Extended wiring

Extending the cable is prohibited.

(2) Use in simultaneous multi system

(3) Group connection of indoor units

## 4. Installation

### **⚠ CAUTION**

To prevent personal injury, property damage, or product malfunction, read the setting manual attached with the product carefully, and be sure to comply with the safety precautions.

### 4-1. Precautions

#### **⚠ CAUTION**

- Install the WLAN adapter near the wireless router. (The connection will become unstable if it is placed further away, which will make using the system more difficult.)
- Certain types of wall materials may shut out wireless communications.
- Do not touch the indoor unit heat exchanger.
- During installation or removal, do not to have the wire caught by any parts nor pull it hard. It may result in malfunction of the air conditioner.

### 4-2. Installation procedure

#### **⚠ WARNING**

- Disconnect the power supply or turn off the breaker before starting work. Failure to disconnect the power supply may lead to electric shock or fire.
- Do not turn on the power until all installation work is complete.
- Use the accessories or specified connection cables:
  - Do not modify connection cables other than those specified.
  - Do not use extension cords.
  - Do not use independent branch wiring. The allowable current will be exceeded and cause electric shock or fire.
- When installing this product, make sure that there are no children nearby. Otherwise, injury or electric shock could result.

#### **⚠ CAUTION**

- Discharge static electricity on your body before starting work. If static electricity is not discharged, there is a risk that the circuit board components may be damaged.
- When performing wiring work, be careful not to damage the cable or injure yourself. Also, connect the connectors securely. Loose connectors will cause trouble, heating, fire, or electric shock.
- Perform wiring so that water does not enter this unit along the external wiring. Always install a trap to the wiring or take other countermeasures. Otherwise, it will cause trouble or electric shock or fire.
- Do not touch the circuit board and circuit board parts directly with your hands. Otherwise, injury or electric shock could result.

With referring the setting manual, perform wire connection.

After WLAN adapter installation is completed, perform appropriate function setting according to the installation environment with referring the setting manual of this product and the installation manual of the indoor unit.

---

## 5. Initial setup

By using FGLair, perform initial setup for WLAN control.

**NOTE:** Make sure that the smart device is connected to the same wireless router that the WLAN adapter is connected.

---

### 5-1. Mobile app installation and user registration

1. Visit Google Play store or App Store according to the type of connecting smart device.
  2. Search for FGLair in the store.
  3. Install the app by following the on-screen instructions.
  4. After completing FGLair installation on your smart device, open the app and perform user registration by following the instructions.
- 

### 5-2. Air conditioner registration

1. Launch FGLair on your smart device.
2. Follow the instructions written in the setting manual attached with this product.

## 6. Accessories
